

Missouri State University Executive-Option MBA Program Student Release Statement

I am applying for the one-year executive-option MBA program at Missouri State University (MSU). The program requires all applicants to be sponsored (i.e. selected, evaluated and recommended) by an institution which has reached agreement with MSU in the program collaboration. My sponsor evaluates my college degree, GPA, English proficiency and other qualifications for the program, and recommends my application to MSU.

I herewith acknowledge and authorize MSU to send all documents of my admission package to my program sponsor which will pass the package to me and provide guidance and help on my visa application and other preparations before my attending the program at MSU.
